

VirtuaLine™ MINI Line Projector

SPECIFICATION SHEET

Overview

Laserglow's VirtualLine™ series of line projecting LED light fixtures are a innovative and cost effective way to demarcate walkways and laneways without using paint or tape. VirtualLine™ MINI Line Projector fixtures create an indestructible floor line that eliminates the need for maintenance required by floor tape and paint lines, changing the way you handle floor marking in your facility.

Key Features

- Modular – Easily reconfigure spaces within your facility without stripping paint or tape
- Highly Durable - No wear and tear from foot traffic
- Cost Effective - Eliminates the need for repainting or retaping
- Ultra Visible - Overcomes complacency by attracting more attention because of a dynamic projection
- Smart Triggered - Optional capability to trigger signage using motion sensors, beam break sensors or push button
- Adjustable Focus - Control the thickness of the line projections

Specifications
