

Knuffi®

Warning and Protective
Bumper Guards

Type U

Flexible Protection – Adapts to Any Shape!

Our flexible protection Type U is the smart all-in-one solution for reliable protection! Delivered flat, it can be used immediately as a surface protector – ideal for cushioning, or shielding delicate materials. The highlight: thanks to its integrated cutouts, the profile can be easily bent and shaped. In just a few simple steps, it transforms into a corner guard, edge protection, or pipe protection – whatever you need!

Versatile Use

one profile, countless applications

Flexible and Formable

perfectly adapts to almost any contour

Flat Delivery

space-saving for transport and storage

Quick Installation

self-adhesive

Durable and Reliable

protects effectively against scratches, impacts, and damage
